

Committed to Supplying Products to the Nuclear Power Industry

Customers can count on our commitment to supply high quality products. SOR® continues to provide instrumentation for harsh and mild environments; as well as balance of plant products. You will find that SOR can provide solutions to your specific application needs through custom engineering or modifications to our existing product lines.

Balance of Plant

- ▶ Pressure/Vacuum Switches
- ▶ Temperature Switches
- ▶ Differential Pressure Switches
- ▶ Mechanical Level Float Switches and Displacer Switches
- ▶ Flow Switches
- ▶ Ultrasonic Level Switches
- ▶ Ultrasonic Level Transmitters
- ▶ Submersible Pressure Transmitters
- ▶ Pressure Transmitters
- ▶ RF Level Switches

1E-Qualified

- ▶ Pressure Switches
- ▶ Vacuum Switches
- ▶ Temperature Switches
- ▶ Differential Pressure Switches

SOR supplies qualified products worldwide. Our quality program complies with 10CFR50 Appendix B and accepts 10CFR Part 21.
